Welcome to Esse Health!

At Esse Health, we are dedicated to patient satisfaction, service and value. Our Mission is to place you and your physician at the center of every health care decision. We know your choice of a physician is an important decision, and we are committed to providing the highest quality care by working with you to maximize your health. We call it patient-centered care.

What does patient-centered care mean for you? It means you have a team of health care professionals, led by your physician, who can help you be more involved in your health care and take better care of yourself. It means you have access to resources like our Patient Portal that allows you to ask a medical question, request an appointment or refill a medication at times that are convenient for you. And it means we provide the highest quality care in the most cost effective way. The National Committee on Quality Assurance (NCQA) has recognized Esse Health as a Level 3 Patient-Centered Medical Home.

Thank you for choosing Esse Health as your partner in healthcare. We are committed to you and your family's good health.

Best Wishes,

David Kearney
Chief Executive
Officer Esse Health
